

PIMPLES, BLACKHEADS--

Get Rid of All Your Face Troubles in a Few Days' Time With the Wonderful Stuart Calcium Wafers.

TRIAL PACKAGE SENT FREE.

You cannot have an attractive face or a beautiful complexion when your blood is in bad order and full of impurities. Impure blood means an impure face, always.

The most wonderful as well as the most rapid blood purifier is Stuart's Calcium Wafers. You use them for a few days and the difference tells in your face right away.

Most blood purifiers and skin treatments are full of poisons. Stuart's Calcium Wafers are guaranteed free from any poison, mercury, drug or opiate. They are as harmless as water, but the results are astonishing.

The worst cases of skin diseases have been cured in a week by this quick-acting remedy. It contains the most effective working power of any purifier ever discovered--calcium sulphide. Most blood and skin treatments are terribly slow. Stuart's Calcium Wafers have cured boils in 3 days. Every particle of impurity is driven out of your system completely, never to return, and it is done without deranging your system in the slightest.

No matter what your trouble is, whether pimples, blotches, blackheads, rashes, tetter, eczema or scaly eruptions, you can so quickly depend upon Stuart's Calcium Wafers as never failing.

Don't be any longer humiliated by having a spotted face. Don't have strangers stare at you or allow your friends to be ashamed of you because of your face.

Your blood makes you what you are. The men and women who force ahead are those with pure blood and pure faces. Did you ever stop to think of that?

Stuart's Calcium Wafers are absolutely harmless, but the results are mighty satisfying to you even at the end of a week. They will make you happy because your face will be a welcome sight not only to yourself when you look in the glass, but to everybody else who knows you and talks with you.

We want to prove to you that Stuart's Calcium Wafers are beyond doubt the best and quickest blood and skin purifier in the world, so we will send you a free sample as soon as we get your name and address. Send for it today, and then when you have tried the sample you will not rest contented until you have bought a box back at your druggist's.

Send us your name and address today and we will at once send you by mail a sample package free. Address: F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

STEEL PLANT TO QUIT

LACK OF ORDERS GIVEN AS CAUSE FOR SHUTTING DOWN.

BUFFALO, N. Y., November 16.—The Buffalo Commercial this afternoon publishes the following article: "Officials of the Lackawanna Steel Company announced this morning that the plant would practically shut down tonight. Lack of orders for work is given as the cause. 'The smaller mills of the company will continue in operation to fill up orders on hand and will give employment to about 2,000 for the time being. 'When in full operation the Lackawanna Steel Company employs upward of 6,500 men.'"

Thirty-Two Plants Shut Down.

EASTON, Pa., November 16.—The Free-masonry plant of the American Society Company will be closed tonight and remain idle until after the first of next year. The company owns thirty-two plants throughout the United States, and it is given out here that all will be affected by the suspension. The factory will not be run over time getting out the Christmas orders.

Four pits at the Warren foundry in Phillipsburg, N. J., were shut down today and will not be run until next Tuesday. The men will then work four days a week.

Twenty-five men were laid off today by the Ingersoll Rand Drill Company, turning the number of hands suspended during the past few weeks far into the hundreds.

The employees of the Andover furnace in Phillipsburg today suffered a 10 per cent cut in wages.

Two hundred men at the Empire Iron works, Oxford, N. J., were notified of a 10 per cent reduction in pay.

3,000 to Be Made Idle.

MALDEN, Mass., November 16.—Notices were posted today in the factories of the Boston Rubber Shoe Company in this city and Melrose announcing that the plants would close next Saturday. Three thousand employees will be thrown out of work. The Malden factory will be closed for ten days, while that at Melrose is not expected to resume operations before January 1.

Overproduction is given by the officials of the company as the reason for the shutdown.

BLAMES THE OIL FINE.

President Colvin Says It Caused Business Depression.

CHICAGO, November 16.—Extravagant living by those who have made money easily during prosperous times and the efforts of others to live on an equal scale were cited as leading causes for present financial difficulties by President William H. Colvin of the Chicago stock exchange in an address at a fellowship dinner given last night by the Port Dearborn Club.

The speaker also referred to the fine imposed by Judge Ladd on the Standard Oil Company, saying:

"This fine, equal to thirty times the company's capital, and the statement from the government that it could be collected, surely had an important bearing on the value of all securities, for the clerks of any company might be equally negligent with no disinterested motive, or being dishonest or malicious, could ruin every stockholder."

Mr. Colvin spoke of certain recent state legislation against railroads as an effort "to secure a portion of the public apportionment to make political capital, as it has been so successfully done in Washington."

Many attacks on corporations, he asserted, have been mercilessly destructive without carrying with them any quality of effectiveness. He advocated the passage of a wise currency law.

Oliver P. Piper, cashier of the People's Bank of California and a near Pittsburgh, who was charged with conspiracy to defraud the bank following the suspension of the institution, has not yet succeeded in securing bail. It is said the deficit in the bank is over \$100,000.

SCHOOL TEACHERS

ALSO HAVE THINGS TO LEARN.

"For many years I have used coffee and refused to be convinced of its bad effect upon the human system," writes a veteran school teacher.

"Ten years ago I was obliged to give up my much loved work in the public schools after years of continuous labor. I had developed a well-defined case of chronic coffee poisoning."

"The troubles were constipation, flutterings of the heart, a throbbing in the top of my head and various parts of my body, twitching of my limbs, shaking of my head, and, at times after exertion, a general 'jitter' feeling, with a tinge of nervousness. I was a nervous wreck for years."

"A short time ago friends came to visit us, and they brought a package of Postum with them, and urged me to try it. I was prejudiced because some years ago I had drunk a cup of weak, tasteless stuff called Postum which I did not like at all."

"This time, however, my friend made the Postum according to the directions on the package, and it won me. Suddenly I found myself improving in a most decided fashion."

"The odor of boiling coffee no longer tempts me. I am so greatly benefited by Postum that I continue to improve as I am now. I'll begin to think I have found the Fountain of Perpetual Youth. This is no fancy letter, but a stubborn fact which I am glad to make known."

Name given by Postum Co., Battle Creek, Mich. Read the book, "The Road to Wellville," to us. "There's a Reason."

NEWS OF ROCKVILLE

RESTRICTIONS OF SUBDIVISION NOT TO BE REMOVED.

Special Correspondence of The Star.

ROCKVILLE, Md., November 16, 1907.

A deed has been placed on record in the office of the clerk of the circuit court here conveying to Michael O. Dumas, the interest of Zeno R. Habbitt in Belmont, subdivision near Friendship Heights, in the lower section of the county. The announcement several months ago that lots in this subdivision would be sold exclusively to colored people caused objections from the residents of the neighborhood. A large number of the lots were bargained for by colored persons, but when it came to conveying them one of the owners refused to sign the deeds. When the property came under the control of Dumas it was thought that there would be no further difficulty about the transfers, but it now seems that there is a large trust on the property, and the holders of this trust refuse to agree to the sale of the lots to colored people and are not willing to sign the necessary releases.

The following are some of the recent transfers of real estate in Montgomery county: Ernest P. Hackett to Arthur L. Cochran, twenty-five acres, \$2,300; Chevy Chase Land Company to Mollie E. Nicholson, lot at Chevy Chase, \$1,875; Littlewood S. Mercer to Isiah M. Frazier, forty-five acres, \$500; Charles E. Wood to James T. Gilroy, four lots at Woodmont, \$500; Zeno R. Habbitt to Michael O. Dumas, part of Belmont, \$3,000; Chevy Chase Land Company to J. Marion Shurt, lot at Chevy Chase, \$630; Sarah S. Martin to James T. Sweetman, Jr., lot at Kensington, \$1,200; Barbara A. Brown to Edith B. Culley, lot at Takoma Park; Charles E. Gibbs to James Dawson, three and three-quarters acres near Rockville; Thomas Dawson to Nannie O. Poole, lot at Aubrey Heights.

Teachers' Clubs Meet.

The public school teachers' associations for the various districts of the county met yesterday afternoon.

Mr. and Mrs. Edward W. Byrne of Silver Springs have issued invitations to the marriage of their daughter, Miss Marjorie Byrne, to Mr. William W. Curtis, the ceremony to take place the evening of November 27.

Willis L. Moore and family of this vicinity will remove to Washington within the next few days for the winter.

George H. Lamm has been called south by the serious illness of his father.

David J. Bready and family have removed to Washington for the winter.

The petit jury for the November term of the circuit court was discharged yesterday afternoon until November 21, when the trial of criminal cases will begin. Among the cases disposed of are the following:

Willis B. Burdette against Thomas R. Clagett, judgment for Burdette for \$100; Daris Clagett against Albert W. Allen and Edgar E. Perry, judgment for Clagett for \$118.71; John W. Barcroft against Henry C. Chaney, judgment for Chaney for \$284.70; Fairbanks, Morse & Co. against Charles E. Gibbs and Mary V. Gibbs, judgment for plaintiffs for \$136.87; William O. Barks and Anna Blanche Bowie, administrators, against Edward O. and A. D. Brown, judgment for plaintiffs for \$213.79; Mahlon A. Winters against mayor and council of Glen Echo, which was an appeal from the action of Mayor John A. Garrett in imposing a fine for the alleged violation of Glen Echo's regulations, dismissed by agreement of both sides.

The Montgomery County Medical Association, through a committee composed of Drs. James E. Deets, John L. Lewis, C. A. Manner, Edward Anderson, O. M. Linthicum, Frederick N. Henderson and George E. Lewis, is making arrangements for the visit to Rockville December 5, of Dr. J. N. McCormack, chairman of the organization committee of the American Medical Association, who will deliver an address in the opera house on "Things About Which Doctors Wish Doctors to Know." Col. Spencer C. Jones will preside and the public schools of the neighborhood will be closed so as to enable the children to attend.

Brown Will Sustain.

The case of Edgar J. Brown and Maurice J. Brown of Washington against Thomas J. Brown, executor of the estate of Thomas J. Brown of the lower section of the county, was tried in the circuit court here today. The jury found in favor of the Browns and the public schools of the neighborhood will be closed so as to enable the children to attend.

The case of Edgar J. Brown and Maurice J. Brown of Washington against Thomas J. Brown, executor of the estate of Thomas J. Brown of the lower section of the county, was tried in the circuit court here today. The jury found in favor of the Browns and the public schools of the neighborhood will be closed so as to enable the children to attend.

It cost Montgomery county just \$5,400 to hold the election November 5. This included the compensation for officers of registration, judges and clerks of election, the expenses of elections, printing and every other expense, and was about \$1,000 in excess of the cost of the election of the preceding year, the increase being due principally to the fact that it required many hours to count the votes. The pay of the election officials being swelled as a result.

The Morning Card Club was entertained at its regular weekly meeting by Mrs. Robert B. Peter, among those present were Mrs. William Dorsey, Mrs. Ella Anderson, Mrs. E. H. Hays, Mrs. R. M. Bayless, Mrs. Theodore Mason, Mrs. L. L. Nicholson, Mrs. Lee Offutt, Misses Laura Gassaway, Rose Williams, Mamie Hogg, Minnie Williams and Mrs. Peter won first and second prizes, respectively.

Edward C. Peter, who was stricken with typhoid fever about two months ago, has so far recovered as to be able to leave his home.

Mrs. Louise H. Mobley, wife of William B. Mobley of Laytonville, is dead at the age of sixty-two years. Mrs. Mobley was a daughter of the late Walker Griffith. Surviving her are her husband and the following children: Walter B. Mobley of Derwood, George W. Mobley of Laytonville and Mrs. Daniel Gaither of Howard county. The funeral will be held at the house tomorrow morning at 11 o'clock.

TRADE CONDITIONS.

Volume of Business Still Large. Conservatism Over Future.

NEW YORK, November 16.—Dispatches to Dun's Review indicate the amount of contraction in business that is made necessary by inability to raise funds. The current volume of trade is still large, however, and there is increasing conservatism regarding plans for future. Boston reports that some New England factories have reduced forces on account of financial conditions, but that the retail trade is said to be temporary. Retail trade is active, but there is a decrease in wholesale and jobbing business. Dealers at Philadelphia are confining purchases to the immediate wants and collections are slow because of the money pressure. Collisions are working at full capacity, and clothing manufacturers have had a good season. No reduction in retail trade has occurred at Pittsburgh, although stocks are being reduced and jobbing trade in dry goods and shoes is somewhat dull. Coal shipments continue heavy.

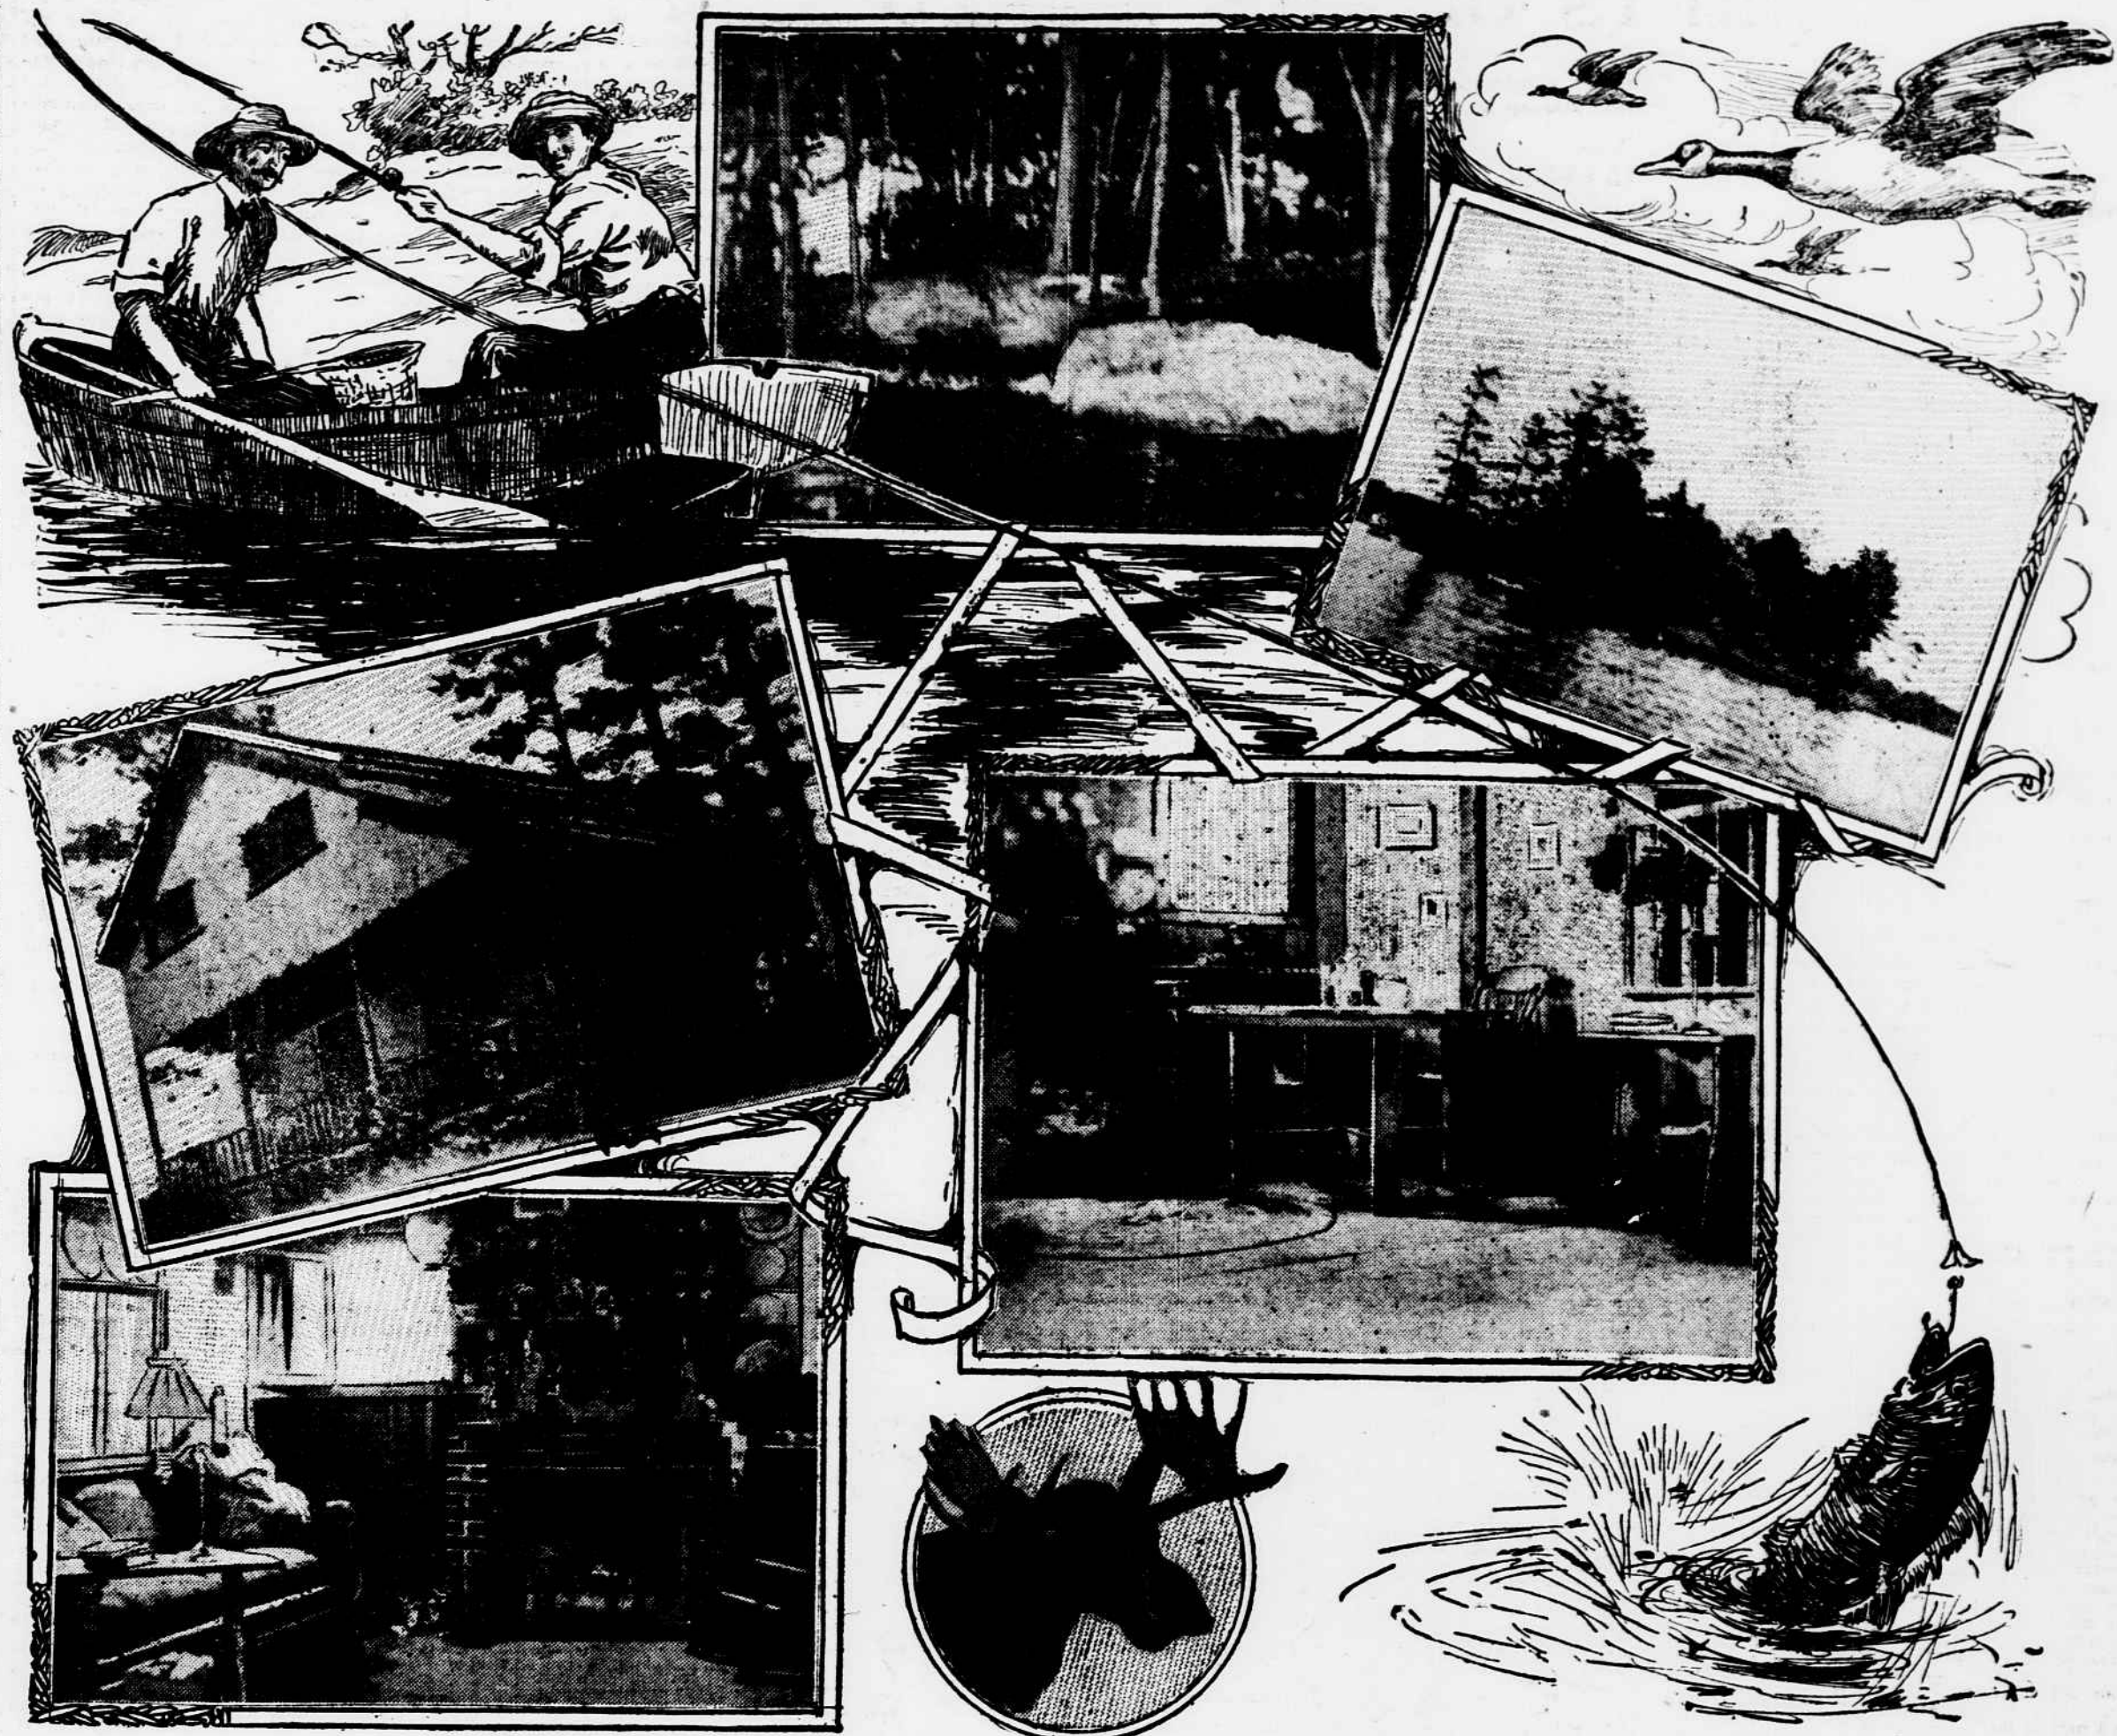

Business at Baltimore is retarded by financial conditions and caution is manifested regarding contracts for next year. Manufacturing orders are somewhat reduced, but payments are a little more prompt. Most firms run full tilt at Atlanta, with practically nominal forces, and financial conditions cause no uneasiness, but payments are slow and retail trade only fair.

Jobbers and manufacturers at New Orleans report business seasonable and very active, although the weather is not ideal. Collections are irregular. Fair mail orders for immediate delivery reach St. Louis and some manufacturers have a normal demand for spring, although cancellations are reported. Country buyers are active in the Kansas City markets, jobbing lines comparing favorably with the business of a year ago, and the monetary situation is improving.

Financial conditions have improved at Chicago. Credit has been placed on a stronger basis and there is more encouragement regarding the outlook. Weather conditions favor retail distribution and stocks of fall and winter goods are not excessive. Retail trade at Cincinnati is fair, but conditions are adversely affected by the monetary situation, and collections are slow.

The advancing season stimulates retail business at Cleveland, but many manufacturers have reduced operating forces, and collections from agricultural districts are fair, but from other sections slow. Wholesale trade is well maintained at Minneapolis, although considering the weather is active. Jobbers, and collections have fallen off somewhat. Scarcity of money is felt at San Francisco, but the banks are handling the situation well. Export trade is liberal, despite the small wheat movement.

IN THE VALLEY OF THE SPARKLING SACO RIVER.

U P in the good old state of Maine, in

the township of Standish in the valley of the sparkling Saco river, there lies one of the most picturesque and altogether charming bodies of water in New England, which is still known by its original designation of pond-Watchic. The name is of Indian origin, as most of the geographical names in the vicinity, and the number of Indian relics found nearby indicate that it was a favorite hunting and fishing ground of the red men. Today it is still a favorite

known as the "Paine Neighborhood."

About 1827 John Paine, father of David Paine, who was for many years organist at Rev. Dr. Rufus Ellis' Unitarian Church in Boston, and the grandfather of John K. Paine, who was professor of music at Harvard College and the foremost American composer of his time, built two pipe organs in a house near Watchic pond, which is the outlet of the pond. Tradition says that when he had completed the first he had to remove the side of the house in order to get it out to take it to a

hunting and fishing ground—for the white

men. It was on Christmas day in 1795 that Myrick Paine brought his family to Watchic pond and built a home on its bank. In all probability he first penetrated the region the year before and picked out the spot as a likely one for his future abiding place. He was followed by three brothers, who with their descendants were, for several generations, the only settlers on the shores of the pond. Ever since the country around has been

nearby town for use in a Congregational

Church. At the present day the beautiful shores of Watchic pond are dotted with dainty cottages—seventeen in all. The one shown in the cut above is Camp Tuckernauk. The first, a three-room cottage, was built in 1896 and has since been enlarged until now it contains ten rooms and has two long, broad porches. This, with two others, is owned by Parker E. Paine, who occupies the ancestral home of the Paine family.

The nearest railroad station is the mountain

division of the Maine Central railroad at Steep Falls, a busy manufacturing village in the western corner of the township of Standish, about three miles from the pond. Watchic pond contains about 400 acres and is dotted with islands, three of which are wooded, and are ideal spots for a stroll or a picnic. The water is pure and sparkling, being fed largely by springs which can be seen bubbling up near the shore at low water. There are fine beaches for bathing.

IN THE STORES

THE PALAIS ROYAL is to be transformed into a Christmas bazaar tomorrow. Santa Claus and his reindeer will be seen descending upon the roof of a house erected in the great rotunda. "Dolltown" is to be another attraction. The apron bazaar on the third floor and Aladdin's palace in the basement are more attractions.

The practical side of the holiday "opening" is the complimentary prices offered as souvenirs. Most lovely dolls and biggest of bears are so many attractive bargains, and Shakespeare, in thirty-nine handy volumes, is to be distributed through a club and at a price astonishingly little.

Thousands of articles of leather for men, women and children are displayed, and a name will be embossed on any piece selected without extra charge. Dress patterns, waists, handkerchiefs, gloves, jewelry and neck pieces are to be appropriately boxed for presentation. If articles are to be shipped to distant parts they will be packed free of charge. Every inducement is made to help those who wisely determine upon an early selection of Christmas presents.

large variety of tailor-made suits of all

the desirable fabrics, broadcloth coats for street and evening wear and waists in newly arrived fashions of messaline, taffeta and net. BON MARCHE is to have a sale of first-class furs in sets and separate pieces. The display includes natural squirrel sets of square pillow muffs and tie, mink throws and pillow muffs, broadtail fox and caracal and Persian paw sets and a fine selection of fur and fur-lined garments, brown coat coats, blended squirrel coats and Russian pony coats, and many other elegant wraps at lowered prices.

GEORGE E. HEBBARD announces that he will produce the best examples of fine tailoring at a price that must be considered remarkably low in view of the workmanship and the very choicest fabrics. WINEMAN states that he is carrying an exceptionally fine line of goods and that

he assures a value that will stand pre-

eminent among tailoring specials. O. J. DE MOLL & CO. call attention to their complete line of Vose pianos in the new 1908 models, both in grand and upright. Also the autophano, which will be sold on easy terms, and to extra specials in high-grade pianos, both new and slightly used. THE GOODYEAR COMPANY gives notice of a sacrifice sale of the largest and finest stock of raincoats ever carried by one firm. The cause of the great reduction in values is that the store lease will soon expire and the company must vacate.

J. G. PATTEE CO. are to have an extraordinary sale of women's high-grade tailored suits at savings averaging one-third. Upon payment of a reasonable deposit alterations will be made and any garment will be held until the purchaser wishes it delivered. The stock of garments represents the newest styles and

fabrics in broadcloths in all the most

wanted shades, chevrons, handsome worsteds, etc. MAYER & CO.—Prof. La Breque, expert impersonator, will be at this store for all the coming week to demonstrate the McDougall kitchen cabinets. The professor's impersonation of an automatic figure is perfect, and not one in ten who see him can be convinced that he is not operated by electricity. The windows are so attractive that interested crowds. Other attractions at the store this week are dining tables, chairs, sideboards, china, etc. What sewing machines, etc., all offered at special prices, as seen in their advertisement in today's Star.

WM. HAHN & CO. announce that from

tomorrow until Thanksgiving day they will offer some deep price reductions on seasonable footwear of the highest character. The firm states this to be a sensational opportunity to buy shoes now at usual February and March prices.
